

Commander Mark Prescott
U.S. Coast Guard
Chief, Vessel and Facilities Operating
Standards Division

Outreach

- Industry
- Classification Societies
- Other government agencies

Where We Are Now

- NPRM for Subchapter N
- Storage, offloading, & shuttling requirements
- OPA 90
- Jones Act
- Cooperation with MMS

Design/Technology Pending Consideration

Allow for flexibility!

- Synthetic mooring lines,
Aluminum quarters...
- Transfer/Offloading
methods
- What about natural gas?

Areas for Further Review

- Pollution response
- Manning/training
- Assist vessels
- Vapor collection
- Environmental conditions
- Use of industry standards

Summary

- FPSO's/shuttles tankers in the GOM
- Our challenge: safe, secure, and environmentally sound manner
- We are confident that we will be able to work with industry as projects go forward
- Continue to educate & engage with us!
